Must Read Articles

Call Fiori App from SAPGUI Transaction

There are many blog posts that explain how to call sapgui transaction from Fiori launchpad. But what if you want to do the opposite : call Fiori App from sapgui transaction. Why & How? Find out here!

UI5 Development environment setup using VSCode remote Containers

A lot of time can be spent on that and always differences are appearing on the different machines, because not everyone keeps the machine up to date. Would it not be great to have an option to provide your development infrastructure with just some configuration files?.

ABAP Platform Evolution

An overview of changes and innovations that SAP has intrtoduced in the last years for the evolutuion of SAP Netweaver platform towards the new ABAP platform from a technical perspective, summarised in 3 blog posts.

Discussions, Upcoming Tech Conference & GitHub repo's

UI5con

Community conference around the UI5 framework - July 9,10. It is recommended to watch previous UI5con video's with tons of information about SAPUI5 to learn from.

SAP UI5 WebComponents

The UI5 Web Components are the new offering of UI5 to provide a set of reusable UI elements to you which can be used for your static web sites or for web application using any web framework of your choice with a minimalistic footprint

4 Books Everyone in Tech Should Read and Why

Across the past year, I re-discovered the pleasure of reading after a long time. As a software developer, I spent most of the last five years learning from my computer, forgetting how it feels to leaf through pages of a well-written book. Thanks to suggestions by some smart people I met through the last year, I moved back to the old paper books to grow not only as a software engineer but also as a professional in the real world.

9 Habits of productive people

(Forbes)To find out the secret to a more productive workday, I spoke with project management and productivity expert Tony Wong. He provided me with some excellent insight into what he and other like-minded individuals do during their work week

Thanks for subscribing and reading!☺
